

Nuprodx introduces the **CADDY**

An innovative design for wheelchair users which solves the challenge of storing essential items.

Features

- Accessible when you need it, hidden when you don't.
- Holds your smart phone, keys, sun glasses, wallet, or catheters
- The **iCADDY** (8" x 10") even has room for your iPad.

Specifications

- Black anodized aluminum two-part clamp with adjustment for wheelchair tubing from 7/8" to 1-1/4". An adapter for 3/4" tubing is available.
- Delrin plastic rod and extruded aluminum channel provide a smooth and easy way for the **CADDY** to be quickly accessed while under the wheelchair or quickly removed for use on your lap.
- The **CADDY** is black nylon with a clear plastic zippered front side and double zippered back side with two mesh pockets for smaller items.
- Stainless steel hook provides a secure hanger for your keys
- An Allen wrench is provided, allowing for easy installation of your **CADDY** onto your wheelchair

Testimonial

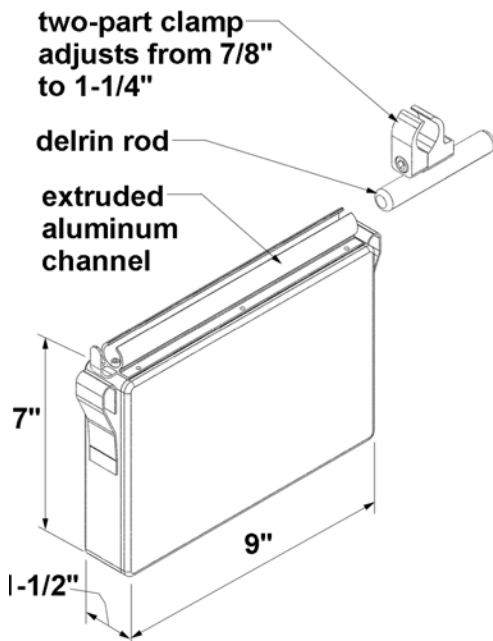

"The Nuprodx Caddy is the best type of bag I have ever had for my wheelchair. It is super easy to attach, is always out of the way but simple to access when I need something. I can slide it out enough to gain access then slide it right back in. Or I can slide it all the way off to take it with me when needed. I never even think about it. It just works! That's the best type of product to have"

Melanie Born, San Francisco

Pricing

- Retail price is \$99 if purchased from Nuprodx, **\$69.30** if purchased from **AMAZON.COM**

Note: the iCaddy is 8" x 10"
