

THE STATE OF THE ART IN MOBILITY

MOBILITY SOLUTIONS FOR A MORE INDEPENDENT LIFE

The Nuprodx Mobility line of chairs and slider systems provide safety and convenience in and around the bathroom to seniors and people with disabilities. By reducing the number of manual transfers, Nuprodx helps users and caregivers remain safe when navigating bathroom toilets, tubs and showers. Nuprodx systems are designed to be easily disassembled so they can be packed for travel, giving additional meaning to the concept of mobility.

Key Benefits

- Patented bridge technology* improves safety by eliminating the need for transfers into tubs and showers.
- Eliminates the need for expensive remodeling to make virtually any bathroom safer and more accessible.
- Modular design allows for easy disassembly and portability for travel.

**US Patent 7,690,055 B2*

TRANSFERS MADE SIMPLE

Nuprodx Mobility gets your day started right. With just one bedside lateral transfer, Nuprodx users are able to move around the home freely, avoiding dangerous transfers onto toilets and into tubs.

Just one bedside lateral transfer

Easy transport

Slides over bridge and into tub to eliminate transfer

Rolls over toilet to eliminate transfer

SOLUTIONS FOR ANY BATHROOM

“A \$3000 solution to a \$30,000 problem” - Cara Colgin-Smith, Southwestern Medical Reps

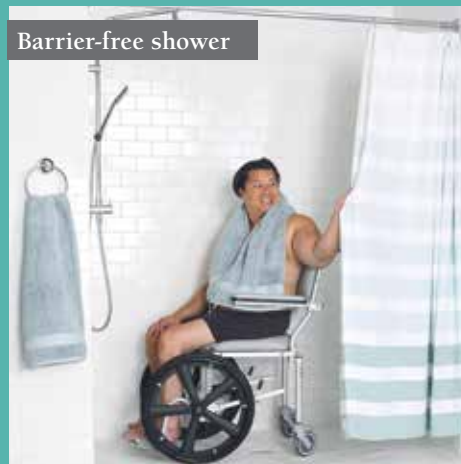

Tub Slider system
(MC6000Tilt shown)

Shower Slider System
(MC6000RS shown)

Nuprodx Mobility has a solution for just about any bathroom environment. Use your existing tub or shower without the need for an expensive remodel. The patented connector bridge allows users to slide over the tub wall and into the tub without a manual transfer. Shower sliders fit through narrow shower entries and over step-in shower thresholds. For those with barrier-free showers, Nuprodx offers chairs that can be easily rolled in and out of the shower.

KEY PRODUCTS

Nuprodx Mobility offers a wide range of solutions for people with with varying mobility challenges, including adults with disabilities, children with disabilities, and seniors. From stationary chairs to wheeled chairs to integrated tub and shower slider systems, Nuprodx helps provide safety and independence across a wide spectrum of customers needs. Check out Nuprodx.com for our full product lineup.

Stationary Chairs: MC3000TX

From our line of stationary chairs, the MC3000TX is a lightweight, durable and highly functional shower/commode chair with a handy transfer bench and a cloth back for even better portability. Can be packed into a supplied lap-size carry-on travel bag.

Wheeled Chairs: MC4020RX

From our line of wheeled chairs, the MC4020RX is designed for more independent users who can self-propel, including into barrier free showers. Its mid-size 20" wheels with over-sized hand rims provide more narrow profile for tight spaces. Its wheels are front-mounted to provide back clearance for larger toilet tanks.

Tub and Shower Sliders: MC6000Tilt

Slider systems in the 6000 series provide a commode chair, tub slider system, and in-home mobility chair. Tub Slider chairs slide easily over and across tub walls without a manual transfer using the patented connector bridge. The MC6000Tilt is a center-of-mass, tilt-in-space, full featured model with head support for a person with a higher level disability, providing maximum comfort and stability.

OUR MISSION

Nuprodx Mobility improves safety in and around the bathroom for seniors and people with disabilities, fostering a more independent life. Designed and made in the USA, Nuprodx Mobility delivers the highest quality and the most complete solutions for in-home use and travel.

OUR HISTORY

Nuprodx founder Bruce Hammer understands the need for mobility solutions as well as anyone. Bruce, a former professional motorcycle racer, crashed during a race in 1982, breaking his neck to become a full-time wheelchair user. After designing products to make his life easier, Bruce founded Nuprodx in 1998 to offer solutions to others. Since then, Nuprodx has grown to produce the most innovative and highest quality in-home and travel solutions on the market.
