

MOBILITY SOLUTIONS FOR SENIORS

MAKING SENIOR LIFE SAFER AND MORE INDEPENDENT

The Nuprodx Mobility line of chairs and chair systems helps to reduce the risk of accidental falls and injuries by providing safe transfers from beds, onto toilets and into tubs and showers. Nuprodx offers solutions for a wide range of customers, from highly independent users who need just a little extra stability to less mobile users who need more complete solutions. Nuprodx is designed to help seniors remain longer in their homes as well as to provide them with portable solutions for their travels.

Key Benefits

- Patented bridge technology* improves safety by eliminating the need for seniors to climb or transfer into tubs and showers.
- Eliminates the need for expensive remodeling to make virtually any bathroom safer and more accessible.
- Designed for easy disassembly and portability for travel.

**US Patent 7,690,055 B2*

SAFETY IN THE BATHROOM

Nuprodx Mobility provides seniors with safety and convenience in and around the bathroom. With just one bedside lateral transfer into one of our chairs, Nuprodx users are able to move around the home freely, avoiding the need to transfer onto toilets or into tubs and reducing the risk of bathroom falls.

Just one bedside lateral transfer

Easy transport

Slides over bridge and into tub to eliminate transfer

Rolls over toilet to eliminate transfer

SOLUTIONS FOR ANY BATHROOM

“A \$3000 solution to a \$30,000 problem” - Cara Colgin-Smith, Southwestern Medical Reps

Tub

Step-in shower

Shower Slider System
(MC6000RS shown)

Nuprodx Mobility has a solution for just about any bathroom environment. Use your existing tub or shower without the need for an expensive re-model. The patented connector bridge allows users to slide into the tub without having to step over tub walls or be assisted through a manual transfer. Shower sliders fit through narrow shower entries and over step-in shower thresholds. For those with barrier-free showers, Nuprodx offers chairs that can be easily rolled in and out of the shower.

BENCH SLIDER SYSTEM

For seniors with high mobility who want more safety and convenience getting in and out of the tub—with or without caregiver assistance—the bench slider system is a perfect solution. Users can sit in the chair outside the tub, slide themselves over and across the tub wall, and close the shower curtain for privacy.

OUR MISSION

Nuprodx Mobility improves safety in and around the bathroom for seniors and people with disabilities, fostering a more independent life. Designed and made in the USA, Nuprodx Mobility delivers the highest quality and the most complete solutions for in-home use and travel.

OUR HISTORY

Nuprodx founder Bruce Hammer understands the need for mobility solutions as well as anyone. Bruce, a former professional motorcycle racer, crashed during a race in 1982, breaking his neck to become a full-time wheelchair user. After designing products to make his life easier, Bruce founded Nuprodx in 1998 to offer solutions to others. Since then, Nuprodx has grown to produce the most innovative and highest quality in-home and travel solutions on the market.
